Proceedings—Earth and Planetary Sciences

Volume 99 (1990)

CONTENTS

No. 1, March 1990: Special issue on Experimental Petrology

Foreword: A perspective on experimental petrology ..... *Alok K Gupta* 1

Experimental Petrology: Quantitative boundaries for petrogenesis ..... *Peter J Wyllie* 5

Patent mantle-metasomatism: inferences based on experimental studies ..... *Y Thibault and A D Edgar* 21

Clinopyroxene on the join $CaMgSi_2O_6$–$CaFe^{3+}AlSiO_6$–$CaTiAl_2O_6$ at low oxygen fugacity ..... *Masahide Akasaka* 39

Phase equilibria study of the system nepheline-diopside under variable pressures (up to 28 kbar) and temperatures ..... *Puniti Singh, Rajeev Chopra and Alok K Gupta* 49

A review and assessment of experiments on Kimberlites, Lamproites and Lamprophyres as a guide to their origin ..... *Stephen F Foley* 57

Experimental study on the tremolite-pargasite join at variable temperatures under 10 kbar ..... *Takanobu Oba* 81

High pressure-temperature studies on an olivine tholeiite and a tholeiitic picrite from the Pavagarh Region, Gujarat (India) ..... *Snehmani Agrawal, M M Bindal and Alok K Gupta* 91

Application of infrared spectroscopy to studies of silicate glass structure: examples from the melilite glasses and the systems Na_2O–SiO_2 and Na_2O–Al_2O_3–SiO_2 ..... *W R Taylor* 99

Problems of pressure estimation in high temperature experiments using solid media apparatus with particular reference to piston-cylinder and anvil-with-hole apparatus (Part I)..... *Robert A Ishbulatov and Alexander V Kosyakov* 119

Problems of pressure estimation in high temperature experiments using solid media apparatus, pressure calibration with reference to breakdown of albite and quartz-coesitite transformation (Part II)..... *Robert A Ishbulatov and Alexander V Kosyakov* 133

Redox state of the upper mantle ..... *Arnold A Kadik* 141

The role of oxidation-reduction and C–H–O fluids in determining melting conditions and magma compositions in the upper mantle ..... *D H Green* 153

No. 2, June 1990: Special issue on Structure and Tectonics: The Indian Scene

Foreword 167

Indus Tsangpo suture zone in Ladakh—its tectonostratigraphy and tectonics ..... *V C Thakur* 169

Tectonics of the ophiolite belt from Naga Hills and Andaman Islands, India ..... *S K Acharyya, K K Ray and B Sengupta* 187

Deformational history of the Precambrian Kolar Schist Belt, South India: Constraints for the tectonic evolution ..... *Dilip K Mukhopadhyay* 201

Deformation style in the Granulite-charnockite province of South India: An example from the Kusulmalai area in Salem district, Tamil Nadu, India .. .. *Deepak C Srivastava* 215

Singhbhum Shear zone: Structural transition and a kinematic model .... *S K Ghosh and Sudipta Sengupta* 229

Structural pattern in the Precambrian rocks of Sonua-Lotapahar region, North Singhbhum, eastern India ..... *Dhruba Mukhopadhyay, Tapas Bhattacharya, Tapan Chakraborty and Arun Kanti Dey* 249

Chhotanagpur Granite Gneiss in relation to the schistose rocks around Murhu, Ranchi district, Bihar: a structural approach .... *D S Bhattacharyya, Anjan Ghosal and V Ravi Kant* 269

Structural studies in the Pre-Vindhyan rocks of Rajasthan: A summary of work of the last three decades ..... *K Naha and S Mohanty* 279

Influence of differential basement mobility on contrasting structural styles in the cover rocks: An example from Early Precambrian rocks east of Udaipur, Rajasthan ..... *A B Roy and D K Nagori* 291

Structural characteristics of the rocks of the Delhi Supergroup with special reference to interference patterns: An appraisal with some examples from Central Rajasthan ..... *P K Gangopadhyay and A Lahiri* 309

$R_i - \mu_i/\mu_m - C_i$ dependent oblateness of deformed pebbles in the Baraitha conglomerate, Central India and tectonic implications .... *Prakash P Roday, Gopal Maheshwari and Narendra H Vaghmarey* 321

Internal geometry of a thrust sheet, eastern Proterozoic belt, Godavari Valley, South India ..... *Dilip Saha* 339

No. 3, September 1990

Seamounts in the Central Indian Ocean Basin: indicators of the Indian plate movement ..... *Ranadhir Mukhopadhyay and N H Khadge* 357

High saline waters in Bay of Bengal ..... *S K Sasamal* 367

Toroidal oscillations of a transradially isotropic elastic sphere .... *Alka Gupta and Sarva Jit Singh* 383

Air-sea interaction over the tropical Indian Ocean during several contrasting monsoon seasons ..... *M R Ramesh Kumar and J S Sastry* 393

Variability of the S_q focus position in the South American continent ..... *R P Kane* 405

Vertical structure and characteristics of 23–60 day (zonal) oscillations over the tropical latitudes during the winter months of 1986—Results of equatorial wave campaign—II ..... *R Raghavarao, R Suhasini, R Sridharan, B V Krishnamurthy and O P Nagpal* 413

Entrainment of circumpolar water in the Indian Ocean region of the Antarctic ..... *G S Sharma and Benny N Peter* 425

No. 4, December 1990: Special issue on Geomagnetic Methods and Lithospheric Structure

Foreword 439

Magnetotellurics: Principles and practice ..... *K Vozoff* 441

Inversion of potential field data..... *P S Moharir* 473

Magnetics in geoexploration ..... *William J Hinze and R R B Von Frese* 515

Magnetic anomalies of two-dimensional bodies and algorithms for magnetic inversion of dykes and basement topographies..... *I V Radhakrishna Murthy* 549

Study of the crust and mantle using magnetic surveys by Magsat and other satellites ..... *Robert A Langel* 581

Magsat studies over the Indian region..... *B P Singh and Mita Rajaram* 619

Electromagnetometry at the sea floor..... *Jiro Segawa and Hiroaki Toh* 639

Application of the telluric and magnetotelluric methods in selection of sites for nuclear plants ..... *A Ádám and J Verö* 657

Palaeomagnetism and rock magnetism of the Deccan traps ..... *C Radhakrishnamurty and K V Subbarao* 669

The nature of horizontal anomalies and magnetotelluric impedance over southern India..... *A K Agarwal and J T Weaver* 681

Magnetometer array studies in India: Present status, data interpretation and assessment of numerical modelling results..... *B R Arora* 693

Electrical structure of the crust in South Eastern Tibet ..... *M Menvielle and J L Le Mouel* 717
